SUMMARY

Software Developer with hands-on internship experience in web application development and database-driven systems. Proficient in PHP, JavaScript, Node.js, Express.js, MySQL, MongoDB, HTML, CSS, and Bootstrap, with a strong foundation in OOP, DBMS, SQL, and Data Structures. Experienced in developing backend functionality, building REST APIs, working with databases, implementing authentication, and debugging application issues to deliver efficient and reliable software solutions.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript

Frontend Development: HTML5, CSS3, Bootstrap, AJAX

Backend Development: Node.js, Express.js, PHP

Databases: MySQL, MongoDB

Core Concepts: OOP, DBMS, SQL, Data Structures & Algorithms (DSA), REST APIs, Authentication

Development Tools: Git, GitHub, VS Code, Postman, XAMPP, phpMyAdmin

WORK EXPERIENCE

Software Engineering Intern

10 June 2026 - 10 August 2026

Sorreal Systems Private Limited, New Delhi

- Developed a web-based Multi-Level Smart Parking System using PHP, JavaScript, MySQL, HTML, CSS, and Bootstrap.
- Designed and implemented an automated vehicle entry and exit management system to reduce manual operations.
- Built a real-time parking slot tracking module for efficient space utilization.
- Developed database-driven modules for vehicle records, parking history, and revenue management.
- Collaborated with team members to design, test, debug, and deploy application features.
- Improved system reliability by implementing validation, database optimization, and efficient backend logic.

PROJECTS

Multi-Level Smart Parking System

- Developed a web-based parking management system with Admin and Staff modules.
- Implemented automated vehicle entry and exit management with receipt generation.
- Built real-time parking slot tracking and revenue analytics dashboard.
- Designed responsive user interface and optimized MySQL database operations.

Digital No Dues Management

- Built an online No Dues verification system for educational institutions.
- Automated department-wise approval workflow and status tracking.
- Reduced manual paperwork through centralized digital processing.

Hostel Management System

- Developed a web application to manage hostel student records and room allocation.
- Simplified hostel administration through digital record management.

EDUCATION

Bachelor of Technology (B.Tech)

2024 - 2028

Dr. A.P.J. Abdul Kalam Technical University (AKTU) | CGPA: 7.75

Intermediate (12th)

2022

Shri Prakash Intermediate College, Varanasi (UP Board) | 69.6%

High School (10th)

2020

Shri Prakash Intermediate College, Varanasi (UP Board) | 83.6%

CERTIFICATIONS

- Software Engineering Internship Certificate - Sorreal Systems Private Limited
- TCS iON - AI and Cyber Security Awareness
- TCS iON - Generative AI Essentials
