PROFESSIONAL SUMMARY

Software Developer with hands-on internship experience building database-driven web applications using PHP, JavaScript, MySQL, Node.js, Express.js, and MongoDB. Skilled in backend development, REST APIs, authentication, MySQL database optimization, and responsive UI development with HTML5, CSS3, and Bootstrap. Strong foundation in OOP, DBMS, and Data Structures & Algorithms, with proven experience in debugging, validation, and team-based delivery using Git and GitHub.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript, PHP, SQL
Frontend Development: HTML5, CSS3, Bootstrap, AJAX, Responsive Web Design
Backend Development: PHP, Node.js, Express.js, REST APIs, Authentication
Databases: MySQL, MongoDB, SQL, Database Design & Optimization
Core Concepts: OOP, DBMS, Data Structures & Algorithms
Software Development: Full-Stack Web Development, Backend Development, Testing, Deployment, Team Collaboration
Development Tools: Git, GitHub (Version Control), VS Code, Postman, XAMPP, phpMyAdmin

WORK EXPERIENCE

Software Engineering Intern June 2026 – August 2026
Sorreal Systems Private Limited, New Delhi

- Built a web-based **Multi-Level Smart Parking System** using PHP, JavaScript, MySQL, HTML, CSS, and Bootstrap, implementing **10+ functional modules**.
- Automated vehicle entry and exit management, streamlining **100+ vehicle transactions** during development and testing.
- Developed a real-time parking slot tracking module managing **50+ parking slots** for efficient space utilization.
- Created **4+ database-driven modules** for vehicle records, parking history, parking operations, and revenue management using MySQL.
- Improved application reliability through **input validation, database optimization, and backend logic**, resolving **20+ bugs/issues** during testing.
- Collaborated with the team across **development, testing, debugging, and deployment**, contributing to **multiple application features**.

PROJECTS

Multi-Level Smart Parking System

- Built a full-stack parking management application with role-based **Admin and Staff modules**.
- Automated **vehicle entry and exit** with receipt generation.
- Developed **real-time slot tracking** and a revenue analytics dashboard.
- Optimized **MySQL database operations** and designed a responsive Bootstrap interface.

Digital No Dues Management

- Built an online **No Dues verification system** for educational institutions.
- Automated department-wise **approval workflow and status tracking**.
- Reduced manual paperwork through centralized digital processing.

Hostel Management System

- Developed a web application to manage **hostel student records and room allocation**.
- Simplified hostel administration through centralized digital record management.

EDUCATION

Bachelor of Technology (B.Tech) 2024 – 2028 (Expected)
Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow, Uttar Pradesh | CGPA: 7.82

Intermediate (12th) 2022
Shri Prakash Intermediate College, Varanasi, Uttar Pradesh (UP Board) | 69.6%

High School (10th) 2020
Shri Prakash Intermediate College, Varanasi, Uttar Pradesh (UP Board) | 83.6%

ACHIEVEMENTS & LEADERSHIP

- **Software Internship Selection:** Selected for the “Techno-10: Software Internship Programme” at Sorreal Systems Pvt. Ltd., Varanasi Campus, 2026.
- **Hackathon Achievement:** Selected among 47 teams out of 294 teams for the presentation round of Craftora’s CodeBlitz 2.0 Hackathon (2026).
